

Since 2005, Les Toiles du Large gives a second life to **boat sails** in order to manufacture some bags, accessories and decoration products.

Our aim is to combine the **zero-waste** and the **durability**, we manufacture all our products in using boat sails have already navigate.

Our products are **uniques** and carry the story of their anterior life.

The **Made in France** and the quality of the **handcrafted** work are essential aspects for our approach.

We transform our sails in our workshops in La Ciotat and Marseille.

We work in partnership with a **disability employment center** in order to promote the disabled people's work.

We are pleased to share with you our current events and to present you the new **Travel Tote Bag**

The Travel Tote Bag is a large bag robust and elegant. He fits to many uses.

He closes with a zipper, has a zipped outside pocket, an inside pocket and a carabiner. His walled is reinforced with canvas. He has also two strap handles.

Exists in two sizes and several colors.

This Travel Tote Bag will follow you everywhere and will accompany you through all your adventures...
