LUXURY BATHROOMS

Maison&Objet is near (8th-12th), consider one of the biggest design festivals that serve as the barometer of interior style for the coming months in which is possible to see new products being launched, new collections and brands starting to position themselves in the world of design.

In this September Edition **Maison Valentina** will join forces with our partner **BRABBU** in order to offer a sensorial and emotional experience of "the art of living". Also we will show our **top products** and **will release some new ones**.

The focus of our show will be at the **KOI Collection**, in which will be released other new products that will complete this Japanese inspired collection. Our **KOI Collection** was inspired in the KOI carp, which is a recurring symbol of Japanese culture, highly appreciated by its decorative purposes, not only in water gardens but also in Irezumi practice or, most commonly, in tattoos.

Also, you will see new mirrors, washbasins, tall storages and bathtubs.

The KOI scales that compose the panels of the washbasins shine and reflect – on its brass surface – the sun caught throughout the clear water. KOI and the Japanese word for love or affection are homophones, making the carp also a symbol of love and friend - ship.
