INTRODUCING NEW GARDEN TREASURES

The soft, rich soil. The dizzying sounds and smells of nature. The crazy, vibrant colors of flowers. Finally, spring is on its way. And we're introducing three new gems that will make you want to spend even more time in the garden: The Gardening Glove (in gold and silver!), Claw wall mount and Velvet Shell Cushion.

The gardening glove

Inspired by the big fashion houses and horse-riding gloves, these golden gems are not only gorgeous; they're also designed to fit your hand perfectly. Combining style and comfort, the gloves feature an elegant button and an adjustable wrist tab. The PU synthetic leather makes them stretchy as well as dirt and water repellent. Even the packaging is beautiful. They come in S, M and L sizes and are available in gold with brass button and in silver with chrome button.

Claw wall mount

Inspired by the magnificent falcon, these wall mounts make a bold statement in any garden. Made of sand-molded brass, they come in either a brass or a chrome finish. An absolute treasure.
