

My name is Mariza Avraamidou and I have had the opportunity to distribute beauty products for Cyprus market for twenty years, as our company **Spatium trading ltd** is one of the leading companies in beauty industry in Cyprus.

Over the years I have also worked and distributed many high-end cosmetic products, for retail and also professional use.

One product that I instantly loved, is the **HOMELIFE! HOMELOVE!** Oil candle. It is made of pure essential oils, totally natural product, eco-friendly with a great variety of fragrances.

It is a spa-inspired product and I defiantly recommend it, as an excellent body moisturizer, to refresh, to rejuvenate body skin for all day long. It deeply penetrate and moisturize the skin - leaving your body skin soft and superbly smooth with a long lasting scent.

HOMELIFE! HOMELOVE product has defiantly awakened my senses! It is a product that you need to try on!
