COLLECTION #8
WINTER 2018/2019

MANTRA

Bangle up is a French modern jewelry brand with a distinctive and unique signature look: enamel bracelets lined with fine gold and decorated with pop colors and custom graphic prints.

Our designs always try to link a free spirited, nomadic way of life with classic Parisian chic.

Our bracelets can be worn individually to complete your look with a subtle splash of color or accumulated around your wrists for a maxi effect.

CREATIVE BANGLE

After six hours in the hands of careful and delicate craftsmen, bangles start their new journey on your wrists from where they'll see the world.

PARTNER-IN-BANGLE

It's more than a bangle. It's a perfect match, a crush, a lucky charm, a friendly present, a cherished jewel, a personal treasure.

NOMAD BANGLE

Your bangle will make you travel around the world with its infinite, evocative colors: SAFFRON YELLOW, NIGHT BLUE and WILD GREEN.

The earth is round, right? Just like bangles everywhere.

SOLAR BANGLE

A thin bangle, a clasp bracelet, a cuff, a mix of the three, whether you are a girl, a daughter, a mother, a godmother, a cousin, feeling poetic, in love, pop, sincere, eternal...

Tell me which bangle you are wearing, I will tell you who you are...

INSPIRATION

A TALE OF SCANDINAVIA

As the sun rises, **ZEF** whizzes on her bike through
the powder pink streets of Copenhagen.

SWANN, in her cosy workshop is munching on red velvet flowers.

BRUSH is painting away on sand white china,
inspired by pop colored landscapes.
Hygge art of living

In a halo of velvet red light,

LUCY is drawing streaks of Northern Lights.

SALOME in powder pink is feeling outdoorsy and dancing in the woods.

With a heavy heart, **VAPORETTO** is trying to
make up her mind between wolf green and night blue.

Deep red **MERMAIDS** are singing Andersen's tales in a delft blue breath.
They seduce us in **JOY**.

LUNE whispers discreetly to the black night of the North.

Gold and Silver brighten the Danish trilogy,
24 hours have already gone by.
BANGLE & BOLLYSTUD are adorning our wrists.
