The IN in Spring

Laskasas is putting the IN in Spring!

The days are longer, the sun is shining and the flowers are blossoming. And Laskasas is bringing life to your décor! Inspired by the 12 colors featured on Pantone's Spring Color Report 2018, the Portuguese brand designed unique pieces that will brighten your decor during the warmer days of the year.

In Spinel living room, all the pieces combine harmoniously, creating a soft base for luxurious details. On the couch, cushions in bright red carry the liveliness that completes the spirit of this room. Walnut pieces, golden stainless steel details and lighting designs with noble materials trend on this décor.

Moon is a high-back armchair, curved for greater comfort, presented here in a youthful green fabric with oak feet. The two non-woven details that run through the back of the highchair add a touch of elegance that elevates this design.

Inspired by Pantone's color Almost Mauve, Reflex is a light bronze mirror coffee table ideal for a neutral and sober living room. For its lightness, simplicity and dimension, it's a must-have piece in any living room decor.

Nothing more says Spring than flowers. Tulip is a flower pot with a metal frame and a glass vase, shown here with a copper-painted and colorless glass structure. This vertical flower box is an elegant solution to bring nature and life into the decoration.

For outdoors décor, Gum is a unique rectangular puff, here presented with a buttoned fabric, in navy blue. The simple design is enriched by the fabric filled with buttons, for an elegant and fun space.

Inspired by the colors of Australia, Sidney is a wooden TV shelf with central space for a television, surrounded by shelves and compartments with doors. The smooth combination of materials and colors provide a fun look while maintaining a classic style.
