ABOUT 101 COPENHAGEN

101 Copenhagen is a Danish design brand founded in 2017 with a strong vision to create a world of beautiful lighting and accessories of exquisite craftsmanship, quality and timeless design for Scandinavian living. With a passion for materials and refined textures combined with our design aesthetic and an organic, calm color scheme, we are proud to present a collection filled with must-have novelties and timeless classics.

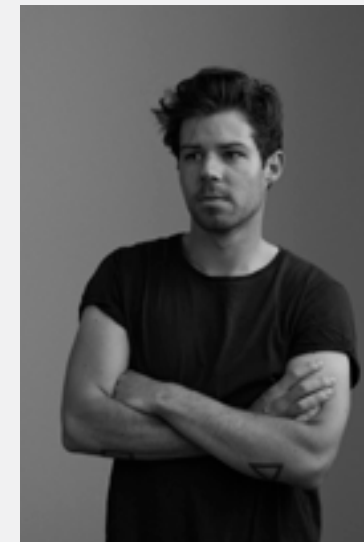

Our creative drive

The IOI Copenhagen Design House carefully curates and design objects for Scandinavian living. The creative drive is centered in a fusion of the Scandinavian design tradition influenced by the timeless Japanese approach to material and techniques. The objects designed reflects the symbioses of design traditions whilst also featuring unique embedded stories, symbols and associations expressed in a minimalist idiom. The design approach is notably holistic, the work process is dynamic and characterized by freedom of expression, which creates unique and timeless pieces.

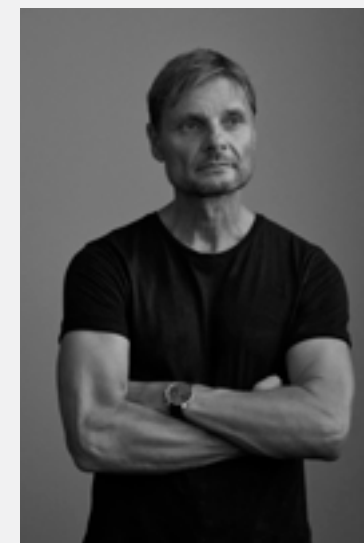

Kristian Sofus Hansen

Kristian is a Danish designer graduated from the Royal Danish Academy of Fine Art whilst also spending time in Japan studying at the Kyoto Institute of Technology. Kristian started collaborating with Tommy Hyldahl in 2016 for NORR11 and has now ventured out in the world of lighting solutions and home accessories.

Nicolaj Nøddesbo

Nicolaj is a Danish designer from the Aarhus School of Architecture. Nicolaj joined the design team in 2017 and has since developed truly iconic pieces including innovative light solutions and timeless novelties in the accessories department. Nicolaj strives to create functional design with personality and character, focusing on materiality and tactility creating minimalistic and sculptural designs.

Tommy Hyldahl

Tommy is the founder and partner in NORR11 and IOI Copenhagen and has been involved in the creative direction of the companies since the start. Tommy launched IOI Copenhagen in 2017, a company that focuses on designing and curating home accessories and lighting solutions for Scandinavian living.

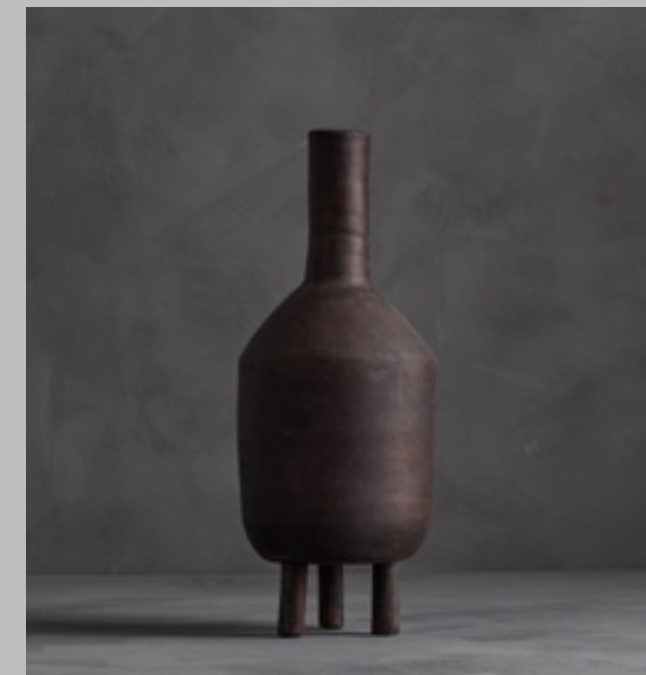

Duck

Designed by Nicolaj Nøddesbo & Tommy Hyldahl

The Duck series is exuberant in its expression channeling the simplicity of nature with its rawness into a simple, yet interesting design object. The almost naive design gives the series a playful touch that goes well together with the matte and raw texture of the ceramic.

Duck is a series of two bowls, a tall and a wider vase made in ceramic and two trays made in concrete.

Guggenheim

Designed by Kristian Sofus Hansen & Tommy Hyldahl

Guggenheim is a series of sculptural ceramic vases based on archetypal geometry. The transition between merged geometry, sharp lines and thin silhouettes creates decorative optical illusions. The texture of the handmade surface beautifully catches the light, and becomes an artistic object in the space.

The Guggenheim series is handmade ceramic and comes in three sizes.

The Sphere collection has come to life as a tribute to the archetypical 1950's ceramic shapes and forms. The Sphere series celebrates unique silhouettes and textures that makes an impact with the decorative charm of the series which consists of vases, bowls and a coffee table in different shapes and sizes. Elegantly sculpted, each is finished in intricate ornate detailing. Combine with petals from fresh summer blooms or stand alone to create a commanding focal point in the heart of your interior.

Sphere is a series of vases and trays that comes in a wide range of shapes and colors.

Sphere

Designed by Kristian Sofus Hansen & Tommy Hyldahl

Kabin

Designed by Nicolaj Nøddesbo & Tommy Hyldahl

Kabin is a series of handmade ceramic vases that is inspired from Japanese craftsmanship. The series of large table vases was created to offer the same stability and complexity as the classical Japanese tea bowls without changing the iconic simplicity to Japanese design. Combining inspiration from the classical Japanese simple shapes whilst intertwining them with a minimalistic Scandinavian approach giving them new life the Kabin series emerged.

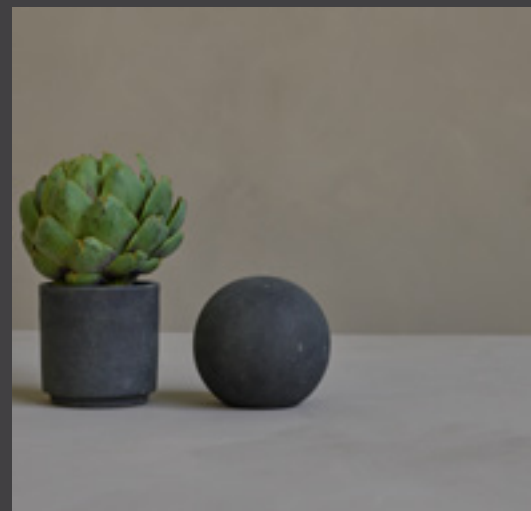

Kabin is a series of handmade ceramic vases in three sizes.

The Japan series is a collection of smaller handmade ceramic storage objects. They are individually designed for the purpose of containing some of your most valuable belongings. The Japan series is full of character and has relaxed, organic shapes and with its reactive glaze creates beautiful variations in its color adding interest to any interior scheme.

Japan comes in 4 distinct styles and 2 different color options.

Japan

Designed by 101 Copenhagen Design House

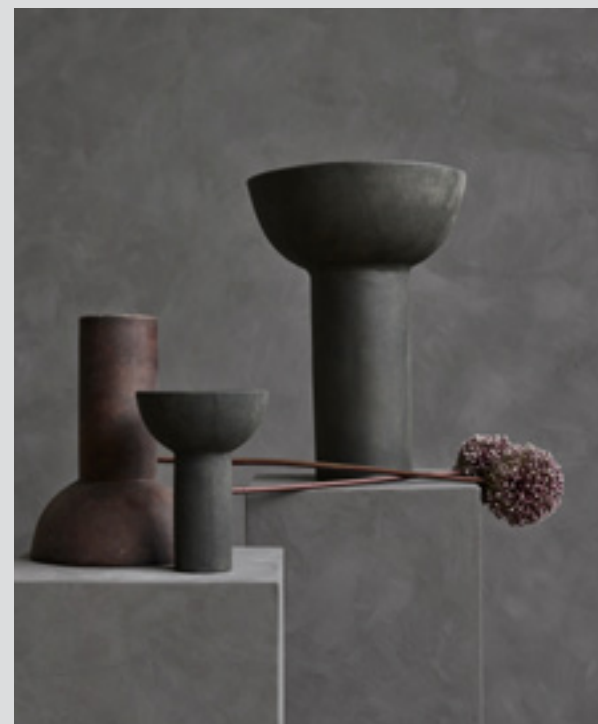

Block

Designed by 101 Copenhagen Design House

The Block vases are handmade ceramic vases that come in three sizes each in a different color. The block vase is a unique and unusual vase that can also be used as a bowl. Style it with your favorite pieces of decoration to give it a personal look.

The Block vase is also available in high quality mango wood.

B

Koop & Cilinder

Designed by 101 Copenhagen Design House

The uniqueness of these vases stems from the carefully curated colors and textures. The glazing technique used is characterized of experimenting with colors, shapes and textures, aligning efficiency with aesthetics, beauty and utility. Tradition meets innovation in the form and results in truly unique glazed objects, taking the dream from sketch to reality.

Koop Ball

Cilinder Vase

Koop & Bacari

Designed by 101 Copenhagen Design House

The Koop and Bacari series consist of high quality vases with a quirky and unusual design, that compliments any interior both with or without flower decorations.

The colors are a mixture of red, white and black. The vases are handmade, so not two vases are the exact same, the paint pattern varies from vase to vase.

Hand glazed natural product. Not waterproof safe.

CONCRETE

Our Concrete Collection

Our rounded pieces in concrete are designed as statement pieces with stability and texture as the key feature in the design process. The raw material gives a texturized yet soft expression, which is expressed beautifully in the minimalistic design.

Submarine

Designed by Nicolaj Nøddesbo & Tommy Hyldahl

The Submarine series is a generously proportioned series of vases that offers a contemporary decorative design in this sleek and eccentric take on a modern vase. Challenging the possibilities of casting, the Submarine vases becomes a majestic statement in the interior surrounding, creating a truly unique outlook.

Submarine is a series of three handmade concrete vases.

Sculpt

Designed by Kristian Sofus Hansen & Tommy Hyldahl

Sculpt is a minimalistic chair made from cast lightweight concrete.

The chair is inspired by the architectural style Brutalism and masterpieces by Le Corbusier and Frank Lloyd Wright.

The composition of the chair is based on geometric archetypes and industrial building components. Each element of the chair is designed according to the principle "form follows function", where all components have been simplified to its function only.

The chair is available with a cognac cushion as an additional purchase, for exquisite comfort and a refined expression.

DINNERWARE

Our Dinnerware Collection

is more than just plates and bowls, the reactive glaze gives the dinnerware an interesting depth and tonal variations in its dark and teal hues. The dinnerware is simplistic and pure in its expression, combining contemporary classic design with an interplay between function and aestheticism.

Sakari - Aqualia

Designed by 101 Copenhagen Design House

The Sakari and Aqualia dinnerware collection has a simple and pure expression, combining a contemporary classic design with an interplay between function and aestheticism. Each piece is handmade from extra fine-grained ceramic and thus no two pieces are completely alike, making every piece unique.

The series is available in a turquoise color called Aqualia and a deep rich black color called Sakari with a glaze, which gives a deep shine to each piece.

The light turquoise and black colored ceramics are a new take on tableware that fits perfectly with the natural dining concept with its earthy colors and natural expression. Weeks spent in one of Portugals most beautiful regions resulted in these perfectly imperfect handmade ceramics.

The Sakari and Aqualia dinnerware is handmade ceramic each available in seven styles. They all fulfill CE, are food safe and can go in the dishwasher.

Kogei

Designed by Kristian Sofus Hansen & Tommy Hyl Dahl

The Kogei cutlery is exquisitely worked from stainless steel, a modern feel offers an exclusive finish with a simple, understated design silhouette. A sleek, contemporary design with a luxurious finish, the Kogei 24-piece matte black finish cutlery set makes every meal a special occasion.

The Kogei cutlery set comprises 6 knives, 6 forks, 6 tablespoons and 6 teaspoons. Adding to the Kogei cutlery series are the Kogei Salad Servers worked by the same principles and consists of 2 pieces.

”

As the seasons transition, it is the perfect opportunity to introduce a little newness into your home, whether that's a full room overhaul or adding new accents to bring a different dimension to your existing space. It can be done as simple as introducing a new color or texture theme to a mantelpiece, investing in a new dinner service or refreshing your lighting options with something more invigorating and energizing in the colder months.

Inshu

Designed by Kristian Sofus Hansen & Tommy Hyl Dahl

Inshu is the Japanese word for drinking. Designed for both everyday and glamorous use, these versatile glasses are created to have extra clarity and brightness comparable to crystal but as strong as a conventional glass. The vertical rills gives its eye-catching appeal and transforms an everyday table setting.

Inshu is a series of two wine glasses for red and white wine and two water glasses that also works very well for cocktails. All glasses are sold in set of two.

METAL

Our Metal Collection

Believing that even traditional furniture should be unique, the metal series is exquisite in their expression bringing instant glamour to the room whether it is a spun sheet of aluminum or raw full cast used. Inspired by the opulence of Art deco interior schemes, these sophisticated products are the perfect finishing touch for classic and contemporary spaces.

Graphic

Designed by Nicolaj Nøddesbo & Tommy Hyldahl

The Graphic candleholders are inspired by the ground elements of architecture focusing on the linear and controversial expression. These three archetypes each have their own way of adding architectural hues to a table setting and complements a variety of interior schemes.

The Graphic candle holder series are handmade from full casted aluminum and comes in three styles each in the colors antique brass or burned black.

N

Neo

Designed by Nicolaj Nøddesbo & Tommy Hyldahl

The Neo Metal side table is a design study in geometry. The geometrical lines catches the eye with its sleek, slimline frame and its untraditionally outlook becoming a functional sculptural piece of art.

Made from casted aluminum the tables lines allows light to flow in interesting ways, while its sturdy burned-finish adds warm, rosy tones.

Bow

Designed by Nicolaj Nøddesbo & Tommy Hyldahl

The Bow series have parallels to the old aqueducts from the roman empire. Repetition of arches are creating a beautiful silhouette combining architecture and design, creating a boxy and pure design classic.

The Bow series consist of a console table and a smaller bench handmade in full casted aluminum both plated in burned black. The bench comes with a cognac leather cushion for comfort.

Phantom

Designed by 101 Copenhagen Design House

The Phantom tables are full casted aluminum creating a sturdy yet feminine touch. The Phantom has great stability and its rough look works equally well beside a sofa or next to a bed.

The Phantom tables comes in a tall and a low version and in antique brass or burned black.

Pillar

Designed by 101 Copenhagen Design House

The rich lustrous use of material adds a sophisticated appearance and combined with the simple yet refined design makes a unique addition to your home. The curved exterior makes this table great for classic and contemporary interiors alike.

The Pillar Table comes in a low and a tall version and in antique brass or burned black.

The Table

Designed by 101 Copenhagen Design House

The dictionary defines The Table like this; an article of furniture consisting of a flat, slab-like top supported on one or more legs. We took this definition to heart and made a table just like this.

A simple, functional and useful side table for lounge chairs or sofas that fits two wine glasses.

The table comes in brass, burned black or with a solid mango wood table top.

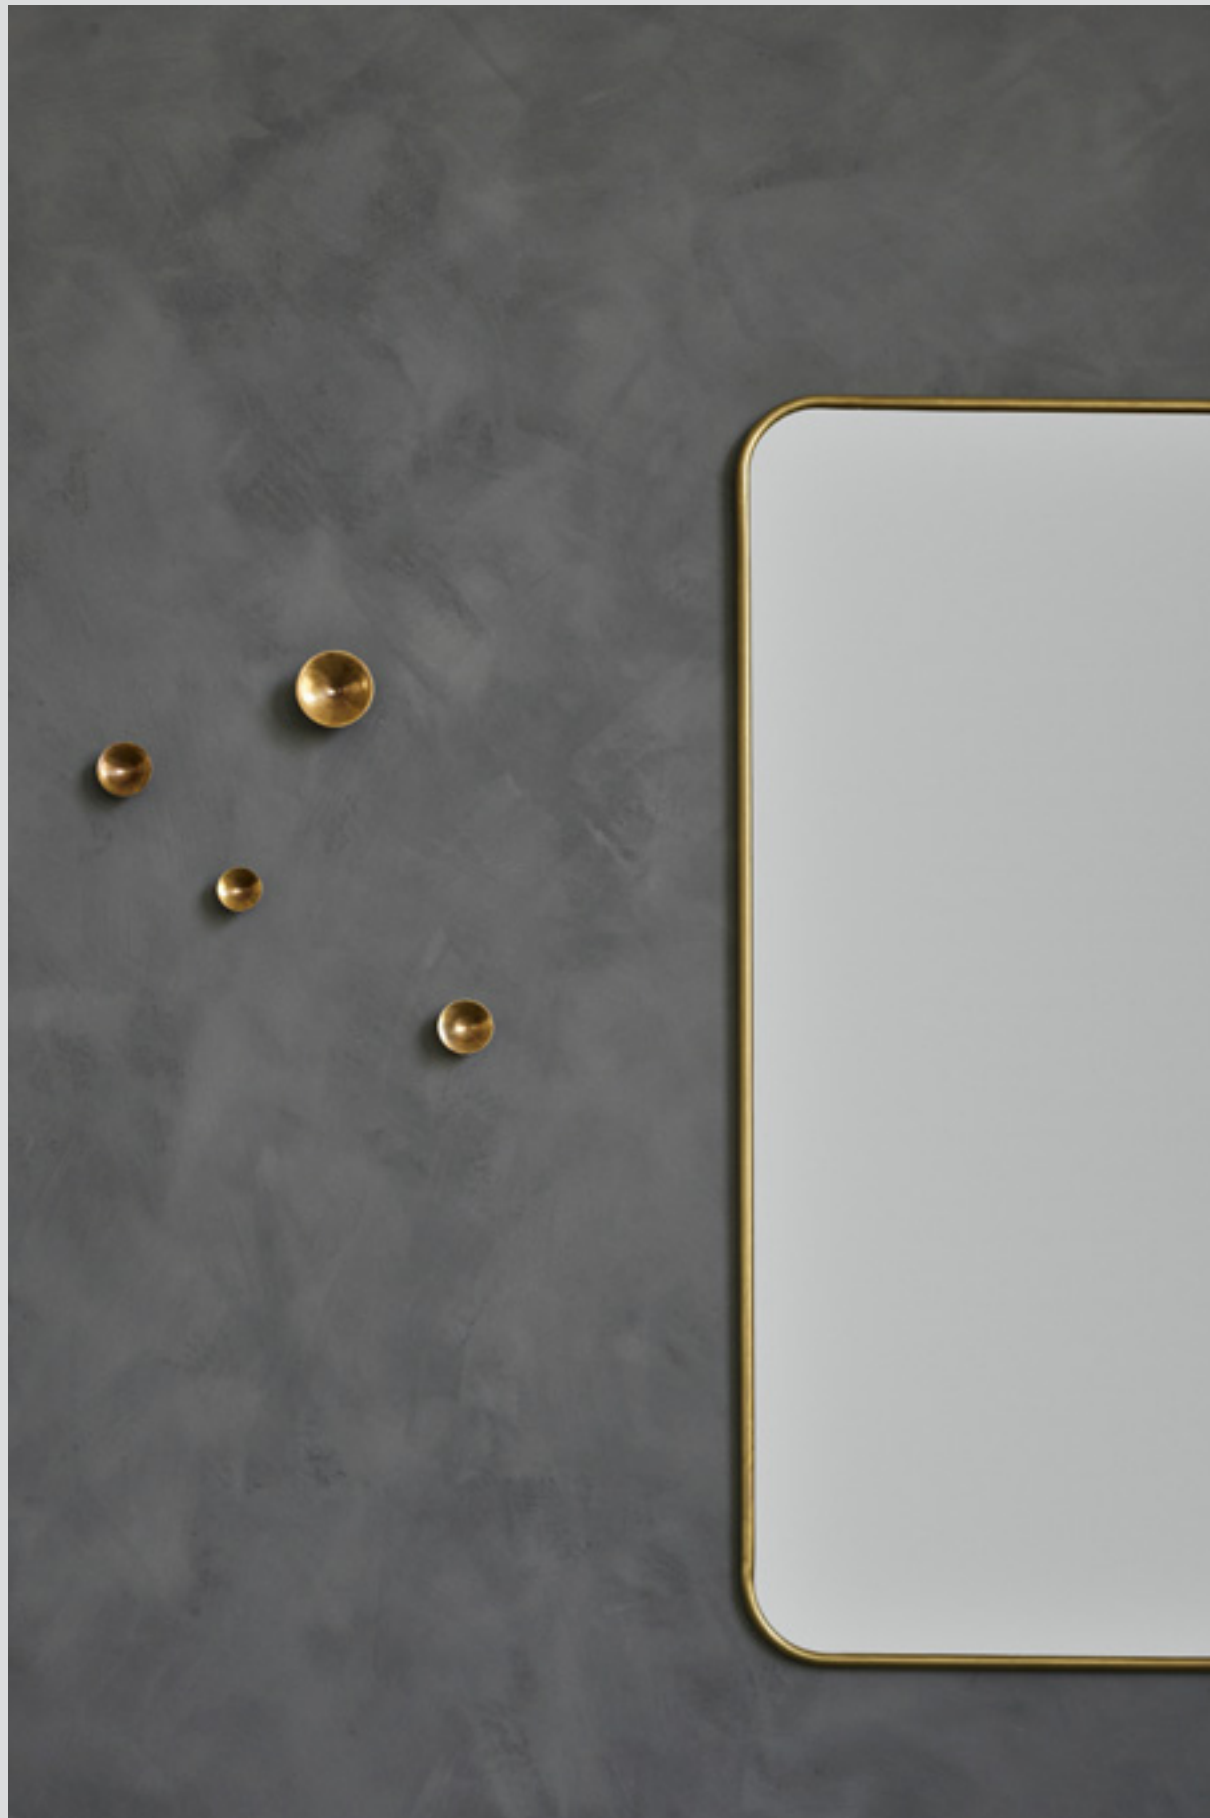

Spin - touch knobs

Designed by Nicolaj Nøddesbo & Tommy Hyldahl

The Spin and Touch Knobs are wall pieces with an exquisite quality inspired by modern art deco – a piece you simply have to touch and feel. Made from full casted aluminum this will serve you through the years as a timeless classic.

Both the Spin and the Touch knob is available in burned black or antique brass.

Hi Hat - knobs

Designed by Kristian Sofus Hansen & Tommy Hyldahl

Inspired by musical instruments the Hi-Hat knobs are playfully inspired by the cymbal and adds a frisky touch to your home. The spun solid brass gives the knobs a beautiful patina over time and becomes more beautiful with use.

Reflect Mirrors

Designed by 101 Copenhagen Design House

The Reflect Mirror series is an elegant and simple range of mirrors that represent a fine addition for both classic and contemporary interior spaces. The simple and straight lines render an understated yet modern influence, while the brass frame brings a touch of classic beauty to the design.

Elegant proportions and simplicity of design is key for a stunning reflection solution.
The Reflect mirrors comes in three versions and in antique brass or burned black.

WOOD

Our Wood Collection

Introducing a natural element to your interior styling with our wood accessories. The paired-back design and timeless appeal adds an instant update to any interior scheme, creating a warm fibrous atmosphere. The wood is hand crafted in India with an oiled finish to bring out the unique characteristics of the wood meaning each piece is unique.

Tower

Designed by Nicolaj Nøddesbo & Tommy Hyldahl

The Tower Office set is inspired by the buzzing streets of Tokyo, where everyone is going somewhere and where everything has its place in the jumble. The Tower Office set is made in solid lacquered mango wood giving a warm, yet sophisticated outlook.

The set consist of two pencil holders, a small storage box and a paper tray.

Mango

Designed by 101 Copenhagen Design House

Channel timeless designer style into your interior space with the unique mango wood series consisting of masculine designed bowls, trays and tables that creates a unicum for displaying various objects.

Simplicity of form is key in the way each object is designed, leaving a wonderful balance of classic and modern hues in each piece. The rich tones in the wood adds warmth and a feeling of luxury and depth to the surroundings

The Mango series consist of a stunning table mirror, two untraditional vases and a large bowl.

MARBLE

Our Marble Collection

All pieces are carved from solid, natural marble designed by IOI Copenhagen. The soft colors of the marble shines through the hard, semi-precious surface, creating a modern yet sophisticated touch.

Cubism

Designed by Kristian Sofus Hansen & Tommy Hyl Dahl

Marble Cubism is a series of decorative marble objects including a jar, vase, candleholders and bowls. Inspired by Cubism art, each object is carefully designed as simple geometric archetypes. Ready to mix and match with other objects from the Marble Cubism series or stand alone as a unique object in your interior space.

Marble Cubism is a series of 5 styles, a large vase, three small bowls and a candleholder.

”

Marble and metallic elements remain key with the neutral earthy colors providing a minimalistic base to offset the more opulent elements of bronze or copper.

Nature

Designed by 101 Copenhagen Design House

Celebrating the natural beauty of marble, the Nature series stuns with a hard, semi-precious surface giving it a characterful personality. Classically, simplicity of form and quality material is all you need.

Nature marble is a series of three styles in two distinct color variations.

SOFT

Our Soft Collection

Woven from exclusive textile using various weaving techniques our storage and carpets are perfect for adding a touch of effortless Scandi-cool to your living space. The contemporary chevron design gives it an effortless appeal and is extremely lightweight.

Suede

Designed by 101 Copenhagen Design House

Crafted in quality suede with a matching lid in various earth colors ensures an idyllic yet practical decoration. Ideal for organizing smaller items at home or in the office. Designed by 101 Copenhagen Design House.

The Suede series consist of four different storage boxes and two trays all available in a large variety of colors.

Hemp - Leather Rug

Designed by 101 Copenhagen Design House

The Leather Rug is a smaller rug with a geometric feel to it, in a subtle palette of soft earthy colors and tonal shades. The raw texture is achieved through the woven earth-respecting hemp accenting warm tones and a smooth and flowing pattern.

The Hemp rug is available in two colors, brown or grey/blue.

The Leather rug is available in one style.
