tout simplement, local

Resolutely focused towards an eco-friendly production process, **tout simplement**, reinvent since 2003, objects of daily use by proposing a functional and refined design.

Smart, practical, timeless, iconic ...
each object has its own history and personality.
Designed and made in France, they reflect its region, the French Alps, rich in heritage and in local know-how (watchmaking requirement for carved and openwork metal, expertise in wooden pieces from sustainable forests).

tout simplement, also provide the ability to customize each product and propose custom-made projects.
