

Press Release
July 2018

Design furniture brand OIA launches new products at Maison & Objet Paris -Sept 2018

From 7 - 11 of September 2018 OIA – Furniture & Objects exhibit at **Maison & Objet** in Paris – Hall 7 – Forever | Signature Booth F158/G157.

OIA has prepared a **unique and intense showcase** of products in order to **celebrate its first anniversary** with all the visitors as well as reporting the collection's growth, with a deep commitment for detail and decorative-arts.

ORBITER ELLIPTICAL dining table and **ORBITER Console** are the **New Designs** of the **ORBITER SERIES** that will be unveiled in this edition of M&O. Our **collection will be further enriched** with new invited designers pieces, such as **Master Console** by **André Teoman Studio & OIA Design Studio** and **PRISM side table** by **Luigi Cattadini**. At last but not the least, OIA Design Studio had also bring to life a brand new **MIRRORS Series**, which add a rich and sophisticated option to the decoration projects of our clients.

OIA expresses itself through an **eternal, top quality and hand-made design pieces** to value the consolidated experience, the design impetus, the knowledge of the hands that make each piece of furniture a reality with character that celebrates the national craftsmanship history.

Our team has **high expectations for this event** and is now preparing the final details to bring everything together into an emotional and curated experience through an outstanding and improved booth.

ABOUT OIA

Welcome to OIA a design brand of Furniture and Objects.

Our creations bring future into your home in an emotional and curated brand experience.

OIA Design was born in Oiã, Portugal, partly in thanks to BARMAT's knowledge and experience, so OIA counts with the best quality craftsmanship and materials.

It all started in 2017 with no detail left to chance. All the brand aspects were created to bring to life a new kind of product which aims to be contemporary and reasonably priced.

More than just functional products, OIA designs bring emotions and identity to all its collections.

After participating in several international fairs and events, OIA is fulfilling one of its founding goals: appearing as one of the most promising companies in the furniture world.

The future is now, and OIA was born prepared for that future.

Are you ready to get to know us?

SERIES

COSMOS Side & Coffee Tables

Inspired by the feeling of weightlessness and its connection to the space, cosmos are crafted entirely in laminated stone. This advanced technique allows us to get an ultra-thin and high resistant marble table top. Cosmos are light, simple, easy and multipurpose, connecting with you and your style no matter what it is.

KANDINSKY Sidetables [designed by André Teoman]

These simple, geometrically shaped table tops are inspired by the work of Wassily Kandinsky. It combines four different marble tops with two different structures. A full thin metal structure with titanium gold or stainless steel is available as well as an acrylic sheet combined with a thick metal foot in titanium gold or stainless steel. In every option, it looks like the table top is floating as the structure always gives the feeling of lightness.

ORBITER

Dining Table

Orbiter uses the repetition of metal stripes to bring rhythm to the base. Its design is simple but full of grace and wow factor. The best craftsmanship was combined with top quality materials and unique marble tops making this table a contemporary piece of furniture.

SPUTNIK [designed by André Teoman]

Dining Table

Inspired by the space race, Sputnik transports you to the time and place where satellites were the future. Just feel the cool shiny metal and the amazing marble top and imagine yourself out there. The best craftsmanship was combined with top quality materials and unique marble tops making this table a masterpiece.
