

It is a new year full of new colours, shapes and intriguing trends. As always, the Spring Summer collection is what we are diving into first – and we are thrilled to present it to you in this catalogue.

In this Spring Summer 2019 catalogue, you are invited to join us for a full tour of the house, starting in the hallway, then moving onto the office, kitchen, orangery, bathroom and ending up in the bedroom. Furthermore, you will be introduced to the many new, exciting items for the garden, terrace and balcony, while also being invited to enjoy the idyllic lakeside with us. Throughout 2019, we will be wrapped in the most stunning pink, dark grey, dusty blue, green, sand and mustard coloured nuances, which all assure that the new items all leave their irresistible impression. In addition, the trending tones for this year all help generate a wonderful cohesion between the 300 Spring Summer 2019 novelties and the rest of the already existing assortment.

In 2019, we will maintain our focus and dedication towards the natural elements, sustainability and recycled materials, which all come to life in the transparent, unique, historical and colourful way of expression that has swept us all off our feet. You will of course see an abundance of new items: amazing quilts, throws and cushion covers, lots of our own designs, new furniture and charming UNIQUE pieces, which help to set the perfect, genuine, home-like cosiness, we all love and want.
