MARSEILLE  
LA DOUCE  
COLLECTION

---

## INSPIRATION

*« On y sent je ne sais quoi d'oriental, on y marche à l'aise, on respire content, la peau se dilate et hume le soleil comme un grand bain de lumière » écrivait Gustave Flaubert.*

*With its Spring-Summer '19 collection, Bangle up has decided to pay tribute to Marseille, the port-city in the South of France, drawing inspiration from its architecture, diversity, museums and colors. Blues ranging from clematis to lavender shades, opal greens like the sea, sand whites like the beach, yellows like lemon, velvet reds like peppers on the market stands, powder pinks and mandarine oranges like the painted facades of the city's buildings :*

*Our Spring-Summer '19 is a love letter to the Southern city !*
