STORY *of* KUTNIA

KUTNIA, which is inspired by the traditional fabric of Gaziantep called Kutnu, was created by AJK Textile with the initiative of Jülide Konukoğlu. By opening up to the world from Gaziantep, KUTNIA adapts the traditional Kutnu fabric to the modern way of living. It appreciates Kutnu's almost forgotten value and aims to transfer its heritage to following generations.

Günseli Türkay is the creative director of KUTNIA's enriched collection, which consists of specially designed products ranging from home textile to clothing. Each fabric woven by Kutnu masters from Gaziantep bears its master's signature and transforms into a unique masterpiece.
