

# MUGEN MUSOU

MAISON  
&  
OBJET  
PARIS  
2019

Iwata Mokkou, Inc. will exhibit at the Maison & Objet Paris 2019 in January for the third time.

Mugen musou is a brand that continually pursues essential and minimal beauty based on: Detailed work that you can see in delicate lines and edges; Finishes that let you feel the grain and wood's surface; and Designs that can enhance any interior scene. We pursue each of these things individually and in balance with each other, and value elaborate and diligent work.

At the exhibition, we will introduce our new products such as a flower vase LINEA, and an objet ROOTS that has a bilboquet motif in addition to GRAIN Kendama. Those three items perfectly harmonize and create a beautiful interior scene by displaying them together.

Please visit our stand to see Mugen musou's new challenge and new world.
