

**VIVERE goes to Paris for Maison &Objet
18 – 22 January, 2019
Paris Nord Villepinte**

Bonjour Paris. As our commitment to promoting local product to international market, VIVERE announces its first participation in Maison & Objet Paris exhibition, which will be held [on 18-22 January, 2019](#) in Paris Nord Villepinte.

Maison & Objet is a leading home décor fair connecting international interior design and lifestyle community. Not only just a trade show, Maison & Objet Paris is the most referred occasion for the interior design industry worldwide, held twice a year in January and September. The Maison part will exhibit the finest decoration and home interior solutions organized by style, while Objet part will display the best objects and decorative accessories organized by product category. VIVERE booth will be on the Maison section, Today Signature - Hall 6 Aisle K147 and open for public [from 9.30 AM - 7.00 PM \(18 - 21 January\)](#), and [9.30 AM - 6 PM \(22 January\)](#).

VIVERE will highlight its top product, hiCraft Rattan collection and wood collection (solid & veneer), as our purpose is to increase worldwide awareness of this high-quality rattan furniture and wood collection from Indonesia. Rattan is known as an attractive, lightweight, and durable material for furniture. Most importantly, rattan is eco-friendly, due to the plants are growing fast and plentiful. With our advance technology manufacturing and skilled hand craftsmanship, VIVERE transforms this highly sustainable material into products that has strong value-added and distinctive characteristic. VIVERE believes that hiCraft Rattan and our wood collection will be the centre of attention of this exhibition.

As the most prominent brand in Indonesia, VIVERE continuously commits to producing furniture with high quality and advancing local values. Our product is also available in Japan and Germany through our agent/distributor. For more information towards VIVERE and our complete product portfolio, please visit us on www.viverecollection.com.
