LIGHTING STUDIO

---

We are so proud, first to be nominated for the prestigious award: The German Design Award 2019 and so happy to be the winners for two lamps: Meridiana, the huge very technical hanging lamp and for the collection T-COTTA, a mix between Murano glass and ceramics made in Venice.

*Meridiana: this is not a sundial, even if it mess with light.*

*The process in fact is inverse: here the light is not the means, but the purpose, a great disk like the sun and hidden behind a big clock hand or what it seems like, a gentle, not blinding light.*

## *T-COTTA*

*Created from the desire to create an object of fluid, curved forms, T-COTTA is the fruit of the union of materials, both of which come from earth, both are worked by man and both forged by heat.*
