### THE QUALITY, MIA ZIA'S MAIN CONCERN

The bed linen is made of cotton percale 230 thread quality and handmade in Morocco. The bath linen is made of woven cotton of 600 grams with Mia Zia pompons finishes.

## OUR PHILOSOPHY

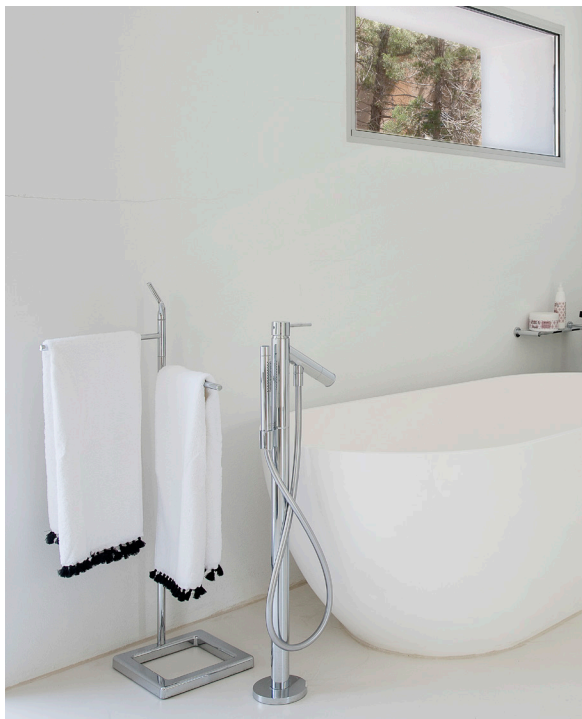

### THE POMPONS: MIA ZIA'S IDENTITY

The pompoms, which make the identity of Mia Zia, are created with German thread (Gutterman) of high quality. They are carefully sewn by hand by the embroiderers of the workshop of Marrakech which have been faithful for 20 years. Tassels retain their color over machine washes at 40 ° with the color of the Pompons.

Mia Zia offers different ranges of tassel colors. Tassels are also available in a solid range.

The Mia Zia linen collection is suitable for all home styles. The team offers its customers a personalization service to sublimate houses with the various colors of pompoms. The customers can choose to customize their linens from over 720 different colors from the Gutterman range.
