

DESIGNER-ART SCARVES

By merging abstractionism with real imagery, Gougenheim creates eye-catching scarves with electric colors and images - free-spirited creations, inspired by street photography and graffiti, that will transport the viewer to faraway places.

ABOUT THE ARTIST

A French designer living in Chicago, Isabelle Gougenheim uses scarves as an authentic medium to express her creativity. Each scarf is a canvas with a travel story; a marriage fuelled by her passion for art and innate love for scarves.
