# PLTY SUMMER COLLECTION 2019

A SUMMERLY SPIN ON THE WORLD OF TYPOGRAPHY

---

We are happy to show you our Summer Collection 2019 and share our passion for typography with you.

Our poster collection is designed in cooperation with artist and graphic designer MILLE HENRIKSEN, who is working out of her studio in Copenhagen – and with her upcoming graphic art gallery, she has her hands full. She has a strong sense of interaction between form and color and we are very excited to have her onboard for this poster collection.

The collection is designed based on a few but important keynotes... 'Stay positive and always be yourself', that is our strong statement for this collection. In both colors and letters, we want to inspire you to see beauty and positivity in the uncomplicated – don't suck up to no one, JUST BE YOU!

We hope you will enjoy our Summer Collection 2019.
