

# Swedish Design *for a* Living World

# 2019 Autumn / Winter

Wildlife Garden's quintessential Swedish design promotes a haven for wildlife in the garden where pollinators, birds and other small animals can live in harmony with humans. All products are designed in Båstad, Sweden with quality, function and style at their core.

Maison & Objet : Paris - Hall4 E40 - 05/10 - 10/10

# Hand Carved Birds

**DecoBird Blackcap**  
Art. no.: WG436  
RRP: 20 EUR

## Autumn's New DecoBirds

This autumn Wildlife Garden is introducing several new decorative birds; a white stork, a blackcap, and a song thrush. These realistic birds are skilfully carved and hand painted using environmentally friendly colours. They are available in select boutiques or on-line through the Wildlife Garden web shop.

The striking white stork adds an elegant yet natural feature wherever it is placed. A fitting gift both to a design enthusiast, as well as someone interested in nature - or perhaps even a soon-to-be parent. With its soft grey-greenish feathers and the trademark black crown the blackcap is both bold and sweet. The blackcap's song is clear and flute-like and a real delight to the ear. The song thrush has a rich melodic song described by poets as a voice that speaks directly to the heart. Let it speak to yours with its large, soft eyes and beautiful shape.

**DecoBird Song Thrush**  
Art. no.: WG437  
RRP: 25 EUR

**DecoBird White Stork**  
Art. no.: WG469  
RRP: 39.50 EUR

# Hand Carved Animal Magnets

This autumn Swedish based Wildlife Garden introduces a brand new series of magnets inspired by the animals of the European wilderness. Skilfully carved in wood and hand painted in environmentally friendly colours, the magnets are individual portraits of the grey wolf, the brown bear, the Eurasian lynx, the red fox, the roe deer and the mountain hare.

**Magnet Red Fox**  
Art. no.: WG4911  
RRP: 6.50 EUR

**Magnet Grey Wolf**  
Art. no.: WG4912
