

**About Mojoo.**

*"Mojoo is my design creation, inspired by who I am and what I like. I put together the collections to my liking. Everything must fit into my own home."* Tells owner Lene Kjær.

Mojoo develops and manufactures, among other things, beautiful, timeless lacquer trays and lacquer boxes for the home. We have a classic core collection with a wide range of colors. New trend colors are selected each season, which fits tone in tone to former seasonal colors.

All Mojoo lacquer trays and lacquer boxes fit together as building blocks and can be blended crosswise, exactly as you wish. Everything is handmade.

The fine trays and boxes are manufactured in Vietnam according to old traditional techniques. They are made of wood, which is painted up to 12 times and takes 45 days to produce each. This technique gives the soft surface in high gloss, which we love.

**Behind Mojoo.**

Mojoo is owned by Lene Kjær and her personal style is reflected in all the products.

*"I'm constantly looking for different and crooked products that match our classic paintings. Here it's only the imagination that sets the limit. I love sculptural decorations, metals, precious stones and glass. I find inspiration everywhere and my heart has always beaten for the Asian style that I have refined for our Scandinavian design."*

We work with interior dealers throughout Europe and also develop products for bigger interior design projects.

**This season.**

Decorate your home with the new Sting collection. A universe of saturated colors in combination with delicate bright and dark shades mixed with our new STING collection of boxes and trays in FAUX STINGRAY. The matte and soft stingray surface is incredibly beautiful and timeless mixed with our classy and high gloss LUX lacquer products.
