See our products in Taipei Marriott Hotel 、 YU-HSIU MUSEUM of ART 、 THE LALU HOTEL, SUM MOON LAKE 、 TAINAN ART MUSEUM 、 SongYan gallery 、 Viithe select shop and Japan KATACHI CAFÉ 。

*Venus Healing Gold Color Foil Plate*

The meaning of pink yarrow is LOVE 、 Courage 、 Confidence.

There are many pretty small flowers that bloom which like efforts that the designer make each time.

For this reason,

the design is named a beautiful theme 「Venus Healing.」

The designer hopes that everyone can overcome difficulties, and keep going no matter what you experience.

WEN PIIM is named by the Chinese pronunciation, which is got from founder's surname, WEN, means gentle and sincere, PIIM, means that to experience good things in

life. The LOGO is the combination of two Chinese words, meaning of human being as the essential. Also, we convey the main idea is that family and friends get together to enjoy the good life.

The main philosophy is from "The Love of WEN PIIM" to "LOVE EARTH · LOVE FAMILY · LOVE HEALTH". We chose recyclable and environment friendly glass material to be the main object to design home décor and tableware, and focus on brand concept "People get together to create good life". Besides, to be food safety for the glassware, we design and apply differently to avoid worrying.

Designed in Taiwan with various crafts.

Natural resources are getting depleted, WEN PIIM strives to apply recyclable and environment-friendly glass material to express our idea. On the other hand, WEN PIIM uses handmade gold color foil to give the design a life which the foil color might be changed by humidity and temperature or how you use it over the time.

WEN PIIM would like to make a piece which can be used for a long time, may be 20-30 years or more. People can see the trace on the piece that are all the memory. The foil color is the way to show it.

The creative point is the combination of glass and gold color foil, WEN PIIM design differently, craftsmen paste the gold color foil by hand carefully under the glass, and the foil will be shiny through it.
