M I L A N O

Marco Tadini has been making bags and leather goods forever: it's vital.

In his workshop in Milan, Italy, in tandem with Simona Ventura, they create, draw, try, start again ... again and again. Innovation is their obsession, as much for construction as for materials.

MARCO TADINI invites you today to marry a new collection of in-bag pouches: four original shapes and an incredibly soft and smooth leather ... a caress ... which makes it the most pleasant pouches to handle in the world!

With more than 130 possible color combinations, MARCO TADINI pouches are customized to your taste, cool, timeless, and 100% Made in Italy.
