

Jean Dubost®

Coutelier Professionnel 1920 - France

LE POCHE®

The closing Laguiole with an elegant design by Jean Dubost

Flowing lines, new perspectives, voluptuous curves, innovative and responsible materials, so many new perspectives on one of the symbols of French cutlery.

Jean Dubost®, French cutler since 1920, the first PEFC (Promote sustainable forest management) certified cutler in 2009, offers his new Laguiole Pocketknife, an innovative and terribly attractive "French Touch".

Its peculiarity, a surprising flat presentation or on his fields.

A "100% made in Thiers" – France, signature and a know-how.
