

## QUALITY BLANKETS FOR AW19

This autumn, TRIMM Copenhagen is expanding the collection with a blanket in den well-known high quality, TRIMM Copenhagen always works in.

With this expansion to the assortment, TRIMM wishes to give people a quality blanket, that will keep you warm on those late summer evenings and sunny autumn days, but still feels soft and light.

The blanket can be thrown across your lounge furniture to provide warmth and a homely feel to both indoor and outdoor areas.

### **The blanket comes in two varieties;**

Infinite Arches, with soft arches, in alternately beige and warm white.

Balanced Soul, with relaxed ellipses in grey and warm white.

Both color combinations are designed in patterns with round, organic shapes. This also helps create the casual and cozy atmosphere, TRIMM's universe is known for.

### **Material:**

The blankets are made with a sustainable material in high quality. It consists of 50% Eco wool and 50% organic cotton.

The combination of the soft cotton and warm wool, makes the blanket warm, but not too heavy.

### **Dimensions:**

L: 180 cm W: 140 cm

### **About TRIMM Copenhagen**

TRIMM Copenhagen is a Danish design company that creates lifestyle products such as furniture and interiors with focus on quality, functionality, comfort, mobility and simple design. The aim is to develop simple and durable products, with unnecessary details, that clearly meet several needs. All materials used are high quality so that each piece of furniture and accessory can last for a long time – in this way sustainability is thought into the design of TRIMM Copenhagen.
