## Premium Comfort Socks

Old knitting machine × High quality natural materials

NISHIGUCHI KUTSUSHITA is a Japanese sock company established in 1950. Old knitting machine with outstanding knowhow, and high quality natural materials realize special comfort socks. We are dedicated to creating products that provide incomparable value to our customers selecting only the finest quality of natural materials, sophisticated designs, and knitting patterns all within a reasonable price setting.

# ■ All season items

## **NK0101 Recycled Cotton Ribbed Socks**

Made from 100% virgin cotton, an environmentally-friendly fiber. This material gives that worn-in comfort and look that maximizes with wear.

## **NK0126 Egyptian Cotton Ribbed Socks**

Giza cotton based super long thread was gently woven to create these socks. There's simply no other material — cotton or otherwise — that feels quite like Giza cotton.

# Spring & summer items

## NK0202 Linen Ribbed Socks

These quarter length ribbed socks are made with 100% linen. Your feet will be relieved from moisture and heat as these socks are incredibly breathable. Enjoy the comfort of linen's dry and crisp texture.

## NK0113 Silk Cotton Ribbed Socks

. Enjoy both the smooth texture of silk and the softness of cotton. These crew-type socks are fluffy and comfy — ideal to wear from spring to summer.

# Autumn & Winter items

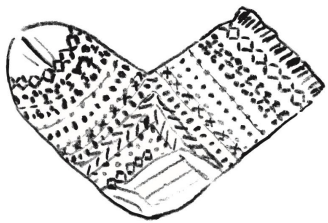

## NK0207 Mohair Wool Pile Socks

Mohair wool-pile socks We use thread spun with a fine blend of kid mohair and wool. These socks are soft and light yet will not disappoint when it comes to keeping your feet warm.

## NK0119 Wool Jaquard Socks

. By repeatedly pre-washing the wool, we have developed a line of wool socks that are almost completely shrink-proof. This plush material has volume similar to pile — enveloping the feet in softness and warmth.
