

al_Fabric : to breeze in

2019

The fabric sets a boundary between various moments in daily routine. The design of a piece of fabric shapes the attitude of users and signals time and place in a day. al_Fabric introduces a collection of aprons for professionals and creatives who like to breeze in and out of work and everyday life.

al_Apron Basic and Dress are simple aprons made with Tencel, which is preparable and comfortable for a wide range of work environment. The straps for the neck and waist are adjustable to fit different shapes of bodies and purpose of work. The collection is designed with intricate lines and pintucks complementing any casual clothing.

al_Apron Barista Long and Short are made with light and durable twill cotton for professional baristas. With stable shoulder straps and adjustable waist belt through eyelet holes, the apron is designed to suit different sizes and shapes of bodies. There are pockets for pens, notepads, and tools as well as a detachable clip for a dishcloth.
