

Shades of Autumn by Chic Antique

Memories of beautiful autumn shades are evoked in the new Autumn/Winter 2019 collection by Chic Antique.

Throughout the collection, great emphasis has been placed on finding beauty in the incomplete and imperfect, giving new life to old artefacts with beautiful stories from the past.

The collection is bursting with the most wonderful autumn décor, which combines amazing materials, dark muted colours and exquisite craftsmanship for an exclusive feel.

This season you will find a range of luxurious cushions in beautiful thick fabrics, all in the most wonderful autumn colours - taupe, moss, coal and aubergine.

Amongst the novelties, you will also discover a new stoneware series called Calais, which is characterized by its rustic coal-coloured glazing.

This autumn, you will once more find beautiful interior in the classic French country style: Vintage furniture in antique white, a new romantic pottery series in antique cream with vintage lace edges, along with an expansion of our popular Toulouse flowerpot series, where you can look forward to lots of new styles.

However, throughout the new collection you will also encounter the more industrial tones - embracing raw materials and finishes with an authentic look. You can look forward to a beautiful dinner table made from recycled wood with foldable iron legs and handcrafted fil-de-fer lamps.

Furthermore, the amazing Grimaud series of one-of-a-kind wooden artefacts has been expanded to include both shelves, candlesticks and even a little stool.

The love and admiration for the natural and handmade is at the heart of the new collection - inspired by traditional techniques and earthy tones, embracing the unique and authentic expressions.

When the dusky autumn comes and covers the land with its dark velvety colours, lean back and let yourself fall in love with a collection filled with stories of passion and love.
