

RELAX TO THE GREATEST EXTENT WITH THE READER OTTOMAN

As you cuddle up reading your favourite book in the cold Autumn nights, your feet can now fully unwind. Increase the relaxation with the new Ottoman for The Reader wing chair. The Reader wing chair and ottoman is designed by inhouse designer at UIMAGE, Tor Hadsund, who sketched the Ottoman to complement the wing chair's delicate silhouette.

The solid oak legs on the Ottoman are visually lifted from the base adding a light character to the design. The shape of the cushions have been designed to slightly expose the Ottoman's shell, giving extra focus on the wooden details. A palette of Scandinavian colours for the upholstery are carefully selected to endorse the natural wood of the oak. Available in oak and dark oak with a variation of five different fabrics. Other fabrics and leathers from Kvadrat and Sorensen leather are available on request.

At UIMAGE, we care about everyone we influence. We make functional and timeless designs that last, we optimise storage and transportation costs with flat-packed designs, to make luxury accessible to you. The aim is to save the environment so that you can save on living.
