

## NEW ASTERIA FAMILY MEMBERS

The dark hours of Autumn are just around the corner and great lighting plays an important role for our well-being during those months. The popular Asteria lamp from UIMAGE is growing into a collection of lamps including a new size, a new colour, a table lamp and a ceiling lamp.

### ASTERIA TABLE

Asteria table has a built-in LED panel with a diffuser ensuring a soft illumination in the room. The brass stem going through the table lamp as a vertical axis, reinforces a tight and sleek expression. Asteria table has a hidden USB-port, so you can charge your phone – even when the light is turned off. The lamp is ideal on the desk or as a bedside table lamp but will add elegance to every corner of the home.

### ASTERIA UP

Finding the right light for the kitchen and hallways can be a challenge. The new Asteria Up ceiling lamp from UIMAGE is not only offering the perfect light but is also a very discrete and stylish solution. The lampshade is placed on a brass base, adding a refined expression to the lamp design.

A top panel provides an ambient light upwards as well, enhancing the details of the design and secures a soft atmosphere in the surrounding space.

### ASTERIA MINI & SAFFRON YELLOW

The popular Asteria pendant is now launched in a new smaller size as well as a new colour. The new Asteria mini is ideal above the kitchen counter or the dining table and goes well in pairs of two. The new striking colour, Saffron yellow, adds instant energy and warmth to the room.

At UIMAGE, we care about everyone we influence. We make functional and timeless designs that last, we optimise storage and transportation costs with flat-packed designs, to make luxury accessible to you. The aim is to save the environment so that you can save on living.
