

VOLTAIRE, LOUIS & LES AUTRES...

For our first participation in the Maison & Objet exhibition, we will present many new features. Africa will be highlighted in particular through recent events creations....

For example, old Bridge chairs or chairs from the 1970s are combined with fabrics from this continent. Bogolans from Mali and Wax from West Africa are giving them a new life!

In addition, pottery from Burkina faso, Ethiopian headquarters, Touareg dishes, will be presented on our stand....
