

LAUVRING

WE ARE BECOMING LAUVRING A/S

I.C. Lauvring A/S changes name to Lauvring A/S. The name change is part of our new strategy to ensure a visible and strong market position.

In cooperation with our new owner and by means of the new strategy, we aim to implement a more contemporary Lauvring. We will pursue our vision of being the leading supplier of unique products and strong concepts for florists, garden centres and interior design stores.

The new name is accompanied by a new visual identity, which is implemented in the period to come. Our webshop has already changed name: www.lauvring.dk.

The webshop is continually updated with new features – just click and have a look.

If you want to receive great offers from us by e-mail, make sure to register as customer on the webshop and tick the newsletter box.
