

Wewood presents Float bookshelf at Salone del Mobile 2019

PORTO, March 2019 – As part of Salone del Mobile 2019, the Portuguese brand Wewood will present a new shelf designed by Aurélien Barbry Studio, a French designer based in Copenhagen, Denmark.

Float shelving system is inspired by the craftsmanship and the art of joinery, combined in a minimal and functional form with a Scandinavian expression.

The smoked glass shelves and the cabinets are laid on a light solid wood structure and metal feet that gives the illusion of floating slightly.

It offers a range of combinations, with or without cabinets, that allows you to use it as a single bookcase or as a sequence of modules to form a larger bookshelf or a free-standing room divider.

Wewood's stand will be located in HALL 6 | STAND D43 from 09 to 14 April at Salone del Mobile, Milan, Italy.
