

Ideobain 2019 in Paris is one of France's premier bathroom and spa **trade shows**. The French fair is back to Paris, during 5 intense days from 4th to 8th of November, 2019. **Maison Valentina** could not miss this opportunity and will **be present in HALL 3 – STAND H059**, with a wide range of **bathroom products**.

Maison Valentina believes that good **design** is a journey that should be tailored to the individual, and the bathroom to be the vital platform for personalization of the home. This should be a space crafted to blur the line between **comfort and design**, creating a truly **immersive experience** and moments of **quiet indulgence** and **private retreat**.

Having that in mind, the brand will attend this show with a stand that intends to recreate the private retreat that our customers want to have at home to charge batteries, after a long day at work. Also, the brand will feature its **customization** possibilities in order to show our customers that they can express their true selves in the bathroom and adjacent rooms, like in any other room.

Have a sneak peek of some products that will be displayed in our stand:

SYMPHONY DRESSING TABLE

Symphony is a dressing table built on top of a polished brass tube structure. It features a serpentine front and countertop produced in wood and lacquered in a high gloss black. There are five small drawers on it, perfect to store the most elegant jewels, and a round mirror on the top, accented by a gold trimming.

STILETTO BENCH

Stiletto is a button tufted bench upholstered in velvet. It features brass stiletto legs that are inspired by high heels, providing a sharp and sleek look to your bathroom. It has a rectangular cushioned pad accented by little sloping arms. Feminine and seductive due to its delicate lines, it's a desirable piece for any modern luxury bathroom.
