## ART PRINTS MADE WITH CARE

With METTE HANDBERG's fine art prints, your walls get a timeless expression - with a Nordic feel. Her work is being described as "feminine with poetic strokes".

Designer METTE HANDBERG Art Prints gives her audience the ability to create a stylish and nurturing home environment. Her inspiration comes from nature and nordic style.

METTE HANDBERG has lived in Florence-, New York City and Paris. This inspires her work and helps create the unique feeling in her Nordic look. Her work represents art prints and art cards as well as a selection of children's art print.

In the spring of 2019 METTE HANDBERG introduced a new kitchen gourmet collection- for both in and outdoor use. Choose from tea towels, biodegradable sponges completely free of micro plastic, cutting boards and trays in several sizes and shapes. All products come with a selection of her most popular art prints. Some items are handmade.

Common for all products is the focus on high quality and manufacturing, combined with environmentally friendly and local production. All products are designed in Denmark and made in Denmark or Sweden.
