ATELIER BINGO'S  
AB/01 PREVIEW  
COLLECTION

On the occasion of the MAISON&OBJET show of January 2020, Japanese porcelain producer Kihara presents an unprecedented cycle of collaborations with French artist duo Atelier Bingo.

Invited to reinterpret Kihara's classic white and blue porcelain on different items and with different techniques, the duo has created original pieces before, during, and after its residency in the brand's hometown of Arita, Japan's oldest porcelain manufacturing area.

The result of the combination of Atelier Bingo's unique graphic style with Kihara's unmatched porcelain products creates a bold new vision of Japanese ceramics, celebrating the encounter between the sense of style of international artists and the exemplary standard of craftsmanship of Japanese artisans.
