FOS CERAMICHE is a manufacture of Art and Design that creates handmade porcelain objects in Faenza since 1987.

FOS is the acronym of FORM-OBJECT-SURFACE, three notions that reflect the philosophy of our production through constant research and attention to every detail.

The idea and the genesis of our objects encapsulate creative thinking, innovative challenge and quality control, in order to tell centuries-old techniques using a contemporary language.

Each piece is unique and is engraved with the FOS brand, as well as the excellence of "Made in Italy"

For the first time at Maison & Object Paris 2020, FOS presents a sculpture in limited edition of 50 pieces inspired by the world famous Hellenic masterpiece "Winged Victory of Samothrace":

**"NIKE"**

Porcelain sculpture, dimensions: 38x28x65hcm

"the twist of wood eroded by the sea like wings  
wrapped in sculptural dynamism,  
cracks like Hellenistic drapery:  
a majestic figure stands out proud,  
chasing victory"
