## JOIN US AT THE SHOW

Maison et Objet has been around since 1995 as the international trade fair for the lifestyle, decoration and design sector. And today has become the not-to-be missed event for industry professionals seeking design solutions.

DUISTT is proudly presenting a collection inspired in the design and architecture of the 70s, mainly from references where round and curved shapes play a main role.

The starting point to this new collection was Oscar. Inspired by the curved lines poetry of Oscar Niemeyer's architecture, Oscar collection allures for its sensual and free-flowing curves. Like Niemeyer once said "Curves make up the entire Universe" as this contemporary set of sofas will surely make up any living room adding a sophisticated and timeless appeal.
