About the brand:

Born in Portugal, Dooq is a design company dedicated to celebrate the luxury of living. Creating designs that stimulate the senses, which conceptual approach is inspired on the unexpected meeting of opposites.

Our studio focuses on an extensive research of details together with a vast iconographic research of art and design, creating an everevolving language that emphasizes first of all the small singularities.

We seek to find balance in contrasting concepts, creating pieces where feminine meets masculine, small meets large, soft meets solid and past meets present allowing the new to blossom.

Sensual materials like velvet, rope, straw and glass are combined with robust materials such as copper, marble, brass and wood expressing this duality in our studio's distinctive pieces.

Applying the technological expertise of a country leader in craftsmanship in combination with the creativity of great designers, allows to create objects with an uncensored aesthetic where each piece has its own reason to exist.

Dooq is all about pursuing elegance with audacity and devotion, crossing the boundaries between art and design.
