

SUSgallery will be exhibiting at "Maison & Objet" and will show off all products including "TITANESS Bowl".

Tokyo, Japan, Jan. 14, 2020

SUS Inc. announced that a titanium tableware brand "SUSgallery" will be exhibiting at Maison & Objet which starts from 17th of January 2020.

SUSgallery's products have been used in high-end hotels and restaurants in France and the United States, now it is aiming for further expansion and gaining public recognition.

During the exhibition period, demonstrations will be held at the exhibition booth so that visitors can use titanium cups to have an experience the convenience of use.

<Location> @Paris Nord Villepinte

ZAC Paris Nord 2, 93420 Villepinte, France

<Exhibition booth> Hall3 "Cook & Share" D72

About SUSgallery

The surfaces of SUSgallery's products have a unique appearance, created by the special processing technology. The products stand out among industrial products, which are said to be better the more homogenous they are, each and every one of them creating a unique, new set of values.

About SUS Inc.

SUS Inc. is a manufacturer based in Tsubame-city, Niigata known as a major production area of metalworking in Japan. "SUSgallery", persuiting creativity of pure titanium, and "SEVEN SEVEN" conveying a new value of metals such as stainless steel are the 2 main brands SUS Inc. has developed. On the background of over half a century time-tested technology and development of the KOSEI Group, we will make a contribution to a sustainable lifestyle through manufacturing.
