

The background of the entire image is a piece of marbled paper with a complex, organic pattern of grey, white, and light blue veins and spots. The pattern resembles natural stone or aged parchment.

mia colonia®

SCENTED CANDLES

100 % vegetable blend wax
and uniquely formulated high quality fragrance oils.

armonica
new collection

Playlist Mia Colonia armonica via Shopify

Discover our new scented candles collection “**armonica**”.

This collection is all about the scent and the music – everything we love in Italian music told aromatically.

Each scent was created with a specific song in mind from the Italy of the '60s.

Simply play the song, light your candle, and let them both transport you back in time.

Each candle is hand poured into re-usable and recyclable glass holder using biodegradable, non-toxic, 100 % vegetable blend wax and uniquely formulated high quality fragrance oils. Natural and environmentally friendly, our pure cotton wicks do not make smoke.

We do not use GMO plants.

No pesticides.

No herbicides.

No paraffin. No palm oil either.

Not tested on animals.

armonica collection

“**armonica**” from Latin: harmonicus relating to harmony.
a harmony of the senses, the interaction of sound and smell.
