INTENSE WAY OF LIVING. INTERIORS WITH PERSONALITY.

THE BOOK YOU WILL NEED FOR YOUR INTERIOR DESIGN PROJECT.

Living in a period where everybody wants to be perceived for their difference it is crucial to look beyond the obvious. It is fundamental to **bring this same difference into our home as well**. As a way to start 2020, our first resolution is to offer you solutions for every home division. For that, we present you “**Intense Way of Living. Interiors with Personality**”, a book that for sure is going to help you creating the design of your dreams.

The recipe is simple: first, you need to figure out what style is the best suitable for your project. Remember: the place where you feel the most comfortable is at home, so be free to express yourself without any kind of limitation. Combine these factors and you achieve the perfect project for your interior design: a project that remains loyal to your view and personality.

But how can you know what style is right for your space?

Perhaps you will feel more comfortable with **Modern**, which makes you a minimalist, someone who prefers a more natural décor. If you think **Contemporary** will suit you best, it means you like to mix different waves and you want a space filled with sophistication. If you see yourself as someone creative, you can possibly be more comfortable with **Eclectic**, whereas if you enjoy things a little more traditional, you can always opt for **Classic**. Last, but not least, for the nostalgic, **Mid-Century** might be the perfect choice.

There is also a sixth option. That is... what if you cannot decide? This book will guide you through a “how to”, by helping you choose the right furniture, materials and finishes, therefore you can get a sense of what style your project fits best. And if necessary, we can arrange changes that will make your products exactly as you want them – we have an excellent service of **customization**.

But this is not all. For inspiration, you can also find a wide range of projects - whether **residential, commercial** or even concerning **hospitality**. Since culture is important to us and the basis for any way of living, you will also find projects from around the globe, in countries such as France, Sweden, UK, Germany, Russia, Japan and Singapore. If you happen to like one of the interior design projects shown, you can buy it whole.

As a final note, we are delighted to announce some of our brand new additions: the **AGRA Coffee Table**, ideal for a living room, and the **WALES Bed** and the **WALES Bench** - similar to the designs of the sofa, these new products were created to suit your needs for your own bedroom – comfort and sophistication even with your eyes closed.

The new **2020 Interior Design Book** may not be sugar nor spice, but it is everything nice. What are you for? Start your new favourite interior design projects right now.
