

A FLOWING SHELF FOR THE WALL

Introducing Flow™, the new shelf that is flowing like waves on the wall – hence the name. Flow™ is the result of a designer's play with composition and materials, creating a strong visual attraction, while providing a steady functionality. A humble yet unconventional design.

"I wanted to challenge and confine the use of materials in the design to see how little is enough. My inspiration was trees growing in the forest. Trees are strong at the stem, but light and delicate at the twigs, just like Flow™" – Lasse Sortkjær, designer

Flow™ is an artistic design piece and just by putting a few of your favorite objects on show, you will create a visual attraction to your living space. Flow™ comes in solid black stained ash, where the natural wooden surface shows, adding a warm appearance to the design.

At UIMAGE, we care about everyone we influence. We make functional and timeless designs that last, we optimise storage and transportation costs with flat-packed designs, to make luxury accessible to you. The aim is to save the environment so that you can save on living.
