SAINTS ESPRITS

Les Beaux Jours

summer perfume

Saint-Pierre de Cormeilles, 11 May 2020

To celebrate the return of lighter days and the hope that goes with them, today Saint Esprits presents *Les Beaux Jours*, a new fragrance mixing notes of water, amber and leather. Available in a limited edition for the summer.

The warmth of the sun on skin and the gentle breeze from the sea, fixing forever the laughter and memories of the easy days of our best holiday escapes.

A subtle union of a citrus bouquet and Lignum Vitae, *Les Beaux Jours* creates an olfactory photograph of our shared emotions. It is those precious moments, those happy accidents that we want to relive 100 times over, a passing gift, a flash of happiness.

A flask bathed in light and the vaporiser touched by gold are the perfect decorative settings to highlight a unique and sunny perfume.

Available to order from today until 31 August, *Les Beaux Jours* is available in a 180 gram flask and 100ml vaporiser. A 660 gram perfumed candle presented in a different container will be available in very limited quantities at the end of June.
