Unique Bar Tables 1.

Everybody knows that the bar tables are one of the sacred elements of a trendy project since they are going to be one of the center elements of the overall look. This rule also applies to your outdoor bar design! Make sure you go with something simple yet luxurious, like the **Bertoia Bar table by Essential Home**, so you can play a lit bit more with the chairs that you are going to pair it up with.

High Quality Materials 3.

When you invite your friends to enjoy a drink in your new outdoor bar design, one thing that will notice (almost) instantly is the smallest details, that is a guarantee! So, since the use of exposed raw materials is so trendy in luxury decor sets, make sure you incorporate some of these high-quality materials, like **hardwood or luxurious marble**, into your design! That will be a show stopper!

Creative Lighting Choices 2.

When you enter a trendy bar what is one of the things that you look out for? That's right, lighting! This element is what is going to enlighten your space to make sure the rest of your outdoor bar design is going to shine! For a fun outdoor look, make sure you select a creative lighting fixture to go with it, like the **Miranda lamp by Essential Home**.

Stylish Accessories 4.

Last but not least, the accessories choice! Like any other design project, the incredible accessories is what makes the project feel more complete. In an outdoor bar design, there isn't so much freedom for accessorizing because you don't have a lot of furnishings. However, there are a few pieces that can complement the look with their stylish and functional design, like **Essential Home's Baughman bar cart!**
