

# Maison Dôme Deco

*Dôme Deco is bringing home Maison & Objet.*

4 – 8 SEPTEMBER 2020

The cancellation of Maison & Objet, one of the most notable design fairs, had a tangible impact on the interior industry. Dôme Deco decided to turn this event into an opportunity and organised their very own “Maison Dôme Deco”.

An exclusive event held in their 1000 m<sup>2</sup> showroom, being the purest expression of the brand’s identity.

The brand, known as a leading producer and designer of complete B2B interior settings, is embracing the charm of a smaller version of Maison & Objet this year.

“We love meeting with our partners in Paris and didn’t want to deny them the opportunity to discover our brand new winter 20 / summer 21 collection.”

“Safety is our main priority during this event. We want to make our visitors and employees feel at ease by strictly following the COVID-19 measures. We ensure a safe stay in our country including accommodation and airport transfers.”
