# Velvet Deluxe

CUSTOM MADE

# Your Wish is our Command.

Because our surroundings must be in harmony with our most unique personalities and tastes, we decided to take a step forward towards our clients' needs and create a new service of custom-made cushions. This will allow our customers to choose the colors and models from our Velvet Deluxe Collection that best fit any given project or space.

These cushions are designed and hand tailored in Portugal, made with love by skilled artisans, using top quality cotton velvet fabric, designed to give a touch of extra personality, comfort and luxury to any room.

You choose, we make.
