

LIGHT UP SUMMER EVENINGS

Fermob lighting products are just like its furniture: **innovative, designed for outdoor use and made to exacting standards, from design to production.**

Today's lighting products are much more than mere lights and markers. Combining **visual appeal** with the **practicality of a long battery life and wireless operation**, they are sure to bring a **personal touch** to moonlit evenings in outdoor spaces.

The brand sources high quality materials and electronic components including steel, aluminium, polyethylene and LEDs. The products then undergo **watertightness and impact resistance testing (IP and IK)** to guarantee **outdoor use**. Featuring **different brightness and colour temperature settings**, when it comes to pools, outdoor lounges or dining areas, they are perfectly suited to all your lighting needs.

In 2015, the brand revolutionised the outdoor lighting market with the **first range of mobile lamps** that could be carried to any location in the garden or home to become **THE leading brand in the field**, driven by its focus on **innovation and style**. Today, this has grown into a collection to suit all tastes and requirements.
