POSTA

Posta is a wall storage, combining function with elegance.

Designed by Detroit-based designer Bilge Nur Saltık, for Istanbul-based design brand Uniqqa, Posta is a wall storage, which brings elegance and style to the interiors.

Celebrating the excellence, strength and versatility of leather, the material folds into a three-dimensional form and creates the storage unit. With simple folds and connections, the vegetable-tanned leather turns into a structured object, highlighting the unique characteristics of the material.

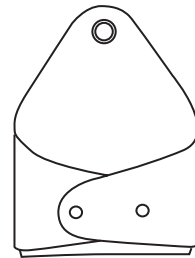

Posta is a versatile product, that can be used in various living spaces. The functionality allows the product to be used in the workspace, hallway, living room, kitchen or bathroom.

Having two sizes, Posta comes in cognac brown and black leather options, completed with brass details.
