

ABEILLE Collection

Scented Candles

Present on our family tables for more than twenty years, the la Rochère bee, iconic symbol of the brand, is the companion of our most beautiful moments in life. Les Envolées de l'Abeille is a collection of candles scented with 100% vegetable wax and made from perfumes from Grasse. Thought to make our interiors always warmer, this collection is a tribute to these moments of which the bee is the discrete and faithful witness.

200 g - about 55 hours of burning.
