DAVID & DAVID
STUDIO

Bienvenue dans le catalogue de David & David Studio, une maison d'édition de photographies et d'illustrations contemporaines, dont la mission est de créer des produits de décoration murale inspirants pour les maisons modernes.

Nous proposons des affiches d'art imprimées et encadrées dans notre atelier en Provence. Les matériaux que nous utilisons sont respectueux de l'environnement et notre papier est éco-responsable.

Le catalogue d'images de David & David Studio offre un grand choix de photographies, inspirées par la nature, le voyage et l'architecture. Vous y trouverez des images dépayssantes, dans un style coloré et contemporain, mais aussi des visuels plus classiques, comme des photographies vintage en noir et blanc. Nos larges collections nous permettent de proposer de nombreux univers de décoration différents.

Nouveautés de cette collection de septembre 2020 :

Nous vous proposons vingt illustrations contemporaines et minimalistes, réalisées en collaboration avec Julien Caretti, un jeune artiste qui a rejoint notre équipe créative.

Nous continuons également notre collaboration avec la photographe Tao Courtial, qui propose une belle série sur les plages de Lanzarote, ainsi qu'une série de paysages enneigés. Nous éditons également une série de photographies sur les plaines des États-Unis, réalisée par Philippe Vitry.

Enfin nous faisons rentrer dans notre catalogue d'images vintage de nombreuses photographies de Paris dans les années 1900. Des photographies en noir et blanc de la Tour Eiffel, de Notre Dame de Paris, du Jardin des Plantes ou encore de scènes de vie.

***Welcome to the David & David Studio catalog**, a publishing house of contemporary photography and illustration, whose mission is to create inspiring wall decorating products for modern homes.*

We offer art posters printed and framed in our workshop in Provence. The materials we use are environmentally friendly and our paper is eco-responsible.

David & David Studio's image catalog offers a wide range of photographs, inspired by nature, travel and architecture. You'll find images with a colorful and contemporary style, but also more classic visuals, such as vintage black and white photographs. Our large collections allow us to propose many different decoration universes.

New in this collection from September 2020 :

We propose twenty contemporary and minimalist illustrations, created in collaboration with Julien Caretti, a young artist who joined our creative team.

We also continue our collaboration with the photographer Tao Courtial, who proposes a beautiful series about the beaches of Lanzarote, as well as a series of snowy landscapes. We are also editing a series of photographs on the plains of the United States, directed by Philippe Vitry.

Finally, we include many photographs of Paris in the 1900's in our vintage image catalog. Black and white photographs of the Eiffel Tower, Notre Dame de Paris, the Jardin des Plantes or life scenes.

Le produit idéal pour les magasins de décoration et concept store

Avec les affiches sous pochettes, nos tirages d'art sont conditionnés individuellement sous de belles pochettes rigides, en carton blanc, recouvert d'un pelliculage mat, doux et protecteur. L'intégralité de notre catalogue d'images est disponible dans cette finition, en deux formats (30x40 cm et 50x70 cm) et en deux options de présentation (avec de grandes marges ou en plein format). Des présentoirs adaptés, en métal laqué blanc, facilitent la présentation de chacun de nos deux formats de pochettes.

Chaque tirage est réalisé sur un papier fine art mat de 230g, issu de sources responsables et respectueuses des forêts. L'impression est faite dans notre atelier, sur nos imprimantes arts graphiques avec des encres pigmentaires Epson Ultrachrome® qui garantissent à la fois la parfaite conservation des couleurs ainsi qu'une longévité exceptionnelle (durée supérieure à 75 ans).

Suitable displays, in white lacquered metal, facilitate the presentation of each of our two sizes of packaged art prints.

Each print is made on a 230g matte fine art paper, from responsible and respectful of forests sources. The printing is done in our studio, on our graphic arts printers with Epson Ultrachrome® pigment inks that guarantee both perfect color retention and exceptional durability (over 75 years).

Nos affiches sous pochettes existent aux formats 30x40cm et 50x70cm. Chaque tirage est imprimé dans nos studios à Montélimar, sur un papier 230g.
